ACKNOWLEDGEMENTS	XIV
-------------------------------	------------

CHAPTER 1. Taking the Certification Examination	1
General Suggestions for Preparing for the Exam	1
About the Certification Exams	8
Internet Resources	9

CHAPTER 2. Dimensions of the NP Role	11
History of the NP Role	11
Legal Dimensions of the Role	13
Current Trends	20
Professional Organizations	21
Case Studies	22
Case Studies Discussion	23
References	24

CHAPTER 3. Healthcare Issues in the Child	25
Healthcare Trends	25
Epidemiology	26
Health Maintenance	29
Health Supervision	59
Health Care and Intervention Considerations	72
Case Studies	76

	Case Study Discussion	77
	References	79
CHAPTER 4.	Infectious Diseases	81
	General Approach	81
	Illnesses Presenting with Rash	82
	Illnesses Due to Specific Etiologic Agents	100
	Illnesses of Unknown Origin	112
	Case Studies	119
	Case Studies Discussion	120
	References	121
CHAPTER 5.	Dermatology	123
	General Concepts	123
	Special Tips	123
	Common Problems of the Skin	125
	Bacterial Infections	139
	Fungal Infections	146
	Viral Infections	153
	Parasitic Infections	158
	Rashes of Allergic Etiology	161
	Trauma	164
	Autoimmune Disorders	169
	Case Studies	171
	Case Studies Discussion	173
	References	175
CHAPTER 6.	Eye Disorders	177
	General Approach	177
	Conjunctivitis of the Newborn	178

	Eye Injuries	188
	Case Studies	200
	Case Studies Discussion	202
	References	204
CHAPTER 7.	Disorders of the Ears, Nose, and Throat.	205
	General Approach	205
	Ear Disorders	206
	Nasal and Sinus Disorders	219
	Mouth and Throat Disorders	227
	Anatomical Abnormalities	239
	Case Studies	242
	Case Studies Discussion	243
	References	244
CHAPTER 8.	Respiratory Disorders	247
	General Approach	247
	Common Newborn Disorders	248
	Common Respiratory Disorders	252
	Case Studies	288
	Case Studies Discussion	289
	References	291
CHAPTER 9.	Cardiovascular Disorders.	293
	General Approach	293
	Heart Sounds and Murmurs	294
	Congenital Heart Disease (CHD)	
	Acyanotic Congenital Heart Defects	300
	Cyanotic Congenital Heart Defects	313
	Acquired Heart Disease	322

	Rhythm Disorders	327
	Diseases Associated with Cardiac Involvement	339
	Case Studies	343
	Case Studies Discussion	345
	References	346
CHAPTER 10.	Gastrointestinal Disorders	347
	General Approach	347
	Vomiting Disorders	347
	Diarrheal Disorders	351
	Malabsorptive Disorders	358
	Abdominal Pain	367
	Rectal Pain and Itching	373
	Related Topics	376
	Disorders of the Umbilicus	384
	Case Studies	387
	Case Studies Discussion	388
	References	389
CHAPTER 11.	Genitourinary Disorders	391
	General Approach	391
	Red Flags	391
	Urinary Tract Disorders	392
	Glomerular Disease	400
	Case Studies	412
	Case Studies Discussion	413
	References	415
CHAPTER 12.	Female Reproductive Disorders	417
	General Approach	417

Menstrual Cycles: Adolescent Considerations	420
Menstrual Abnormalities	421
Disorders of the Reproductive System	444
Breast Abnormalities	448
Teen Pregnancy	454
Contraception	457
Case Studies	481
Case Studies Discussion	482
References	484
CHAPTER 13. Male Reproductive Disorders	487
General Approach	487
Disorders of the Newborn	488
Penile Disorders	491
Testicular Disorders	495
Case Studies	503
Case Studies Discussion	504
References	506
CHAPTER 14. Vulvovaginitis and Sexually Transmitted Infections . .	507
General Approach	507
Case Studies	543
Case Studies Discussion	544
References	546
CHAPTER 15. Musculoskeletal System	547
General Approach	547
Arthritides	557
Rotational Deformities	561
Angular Deformities	564

Infections	566
Neoplasms	570
Bone Trauma	573
Common Fractures	573
Soft Tissue Trauma	577
Symptoms	581
Case Studies	586
Case Studies Discussion	587
References	589

CHAPTER 16. Neurological Disorders591

General Approach	591
Newborn	594
Infants and Children	597
Disorders of Development	601
Seizure Disorders and Disorders That Imitate Seizures	611
Neurologic Disorders	630
Case Studies	649
Case Studies Discussion	651
References	653

CHAPTER 17. Hematology.....655

General Approach	655
Disorders of the Blood Cells	656
Coagulation Disorders	674
Case Studies	682
Case Studies Discussion	683
References	684

CHAPTER 18. Endocrine Disorders.....	687
General Approach	687
Newborn Alterations	690
Disorders of the Thyroid	696
Growth Disorders	713
Pubertal Disorders	724
Breast Alterations	731
Case Studies	737
Case Studies Discussion	738
References	740
CHAPTER 19. Behavioral and Psychiatric Problems.....	743
Primary Care Mental Health Screening	743
Developmental and Learning Disorders	746
Disruptive Behavioral Disorders	758
Mood Disorders	766
Eating Disorders	784
Substance Abuse	792
Child Abuse	800
Case Studies	807
Case Studies Discussion	808
References	810
CHAPTER 20. Professional Issues and Research.....	813
Evidence-Based Practice and Translational Science	813
Information Systems and Technology	816
Interprofessional Collaboration	817
Pediatric Palliative Care	821
Clinical Prevention and Population Health	822

The Future of Nursing: Leading Change, Advancing Health, an IOM Report 823
