Participant Testimonials

"The ANAE Research Symposium was a great experience! As a first time attendee I was impressed at how much I learned and was able to bring back to my institution. I came away with so many great ideas for how to grow our program and enhance the level of nursing we are able to do."

- Case Manager RN

"The 2023 ANAE Research Symposium is a wonderful day dedicated to learning about the latest in nursing research, to hear from other nurse leaders and nurse scientists about how they are effectively promoting clinical inquiry and innovations, and of course, a great way to network with other Magnet nurses."

- Manager of Nursing Research

"The speakers were exceptional. I learned new informational that will [be used] to improve current practices. A must for networking with nurse researchers and scientist[s]."

- Nurse Researcher
